First of all, **congratulations!** On your engagement and deciding to get married, and thank you for taking a minute to take a look at what we can do for you.

A little about what you can expect from me:

My expertise: I am a full time professional photographer, meaning that you get a specialist who can cope with any situation on your day.

Exclusivity: I only photograph 1 wedding per day meaning you get my full attention.

The relaxed approach: Whether it be an informal enquiry or discussing extra purchases after your wedding, I take a laid back, no pressure approach. I like to think that my work sells itself, so there's no need for 'pushy' sales.

In the same way, I like to create an informal, fun record of your special day (as well as a few of the more formal 'posed photographs'). If you and your guests are at ease with me and having a laugh, the chances are we're going to get better photographs.

My time: Whenever you fancy a chat about your photographs either before or after your wedding, I'll always be available.

My reputation: I take my reputation both with couples and venues extremely seriously, I aim for complete professionalism throughout, and it's why many couples and venues entrust me to get the best for them. Hopefully this makes things as stress free as possible!

Now enough about me, time to find out how it all works....

Working out what you want and how much it will cost is easy. Just add together all of the options below that you would like to build your own tailor made wedding package.

All of the packages below include the following:

- A pre-wedding consultation to finalise exact arrangements for the day.
- Unlimited number of photographs on the day, and if you've got any of your own ideas, just let me know.
- A boxed set of 6'x4' mini prints to show your family and friends.
- A beautiful heart memory stick (shown below) containing all of your finished images from the day, fully post produced and copyright free.

Step 1: Choose the right coverage to suit your day:

£600.00

Photography at 1 venue from arrival of guests for the ceremony through to a mock cutting of the cake before the wedding breakfast. After the wedding you will receive a box of 20 mini prints of your choice and a lovely heart memory stick with a minimum of 75 finished images. This is ideal for a civil ceremony with a small number of guests.

£850.00

Starting with bridal preparations either at home or venue, through until the start of the wedding breakfast. This gives me more time to create the more creative and refined photos of your day. This package includes a box of 60 mini prints and the heart USB stick with a minimum of 100 finished images.

£1000.00

The full day. The same coverage as above, but right through until the first dance in the evening, including a big screen slide show of a selection of images from your day at your evening reception. Again you will receive the heart USB with a minimum of 125 finished images and a box with 100 of your favourite pictures.

Next: Choose your album. (You don't have to have this, but they do finish things off nicely!)

I only use the best when it comes to albums, and that's why we use the Italian album makers Graphi Studio. They have a reputation as world leaders and I'm sure you will love the quality. The range is huge, but here are a few prices just to give you an idea:

12'x8' 20 page album with around 50 images: **£400**

14'x10' 20 page album with around 55 images: **£475**

16'x12' 20 page album with around 60 images: **£550**

Parent albums:

Exactly the same designs as the larger albums, just in a perfect handbag size.

4'x5' 20 page album: **£90**

6'x8' 20 page album: **£175**

All of the above are priced with standard photographic paper and acrylic cover. If you want to go for the extra wow factor optional upgrades including metallic paper, leather and engraved steel covers, leather carry cases and of course more pages to show a greater selection of your photographs off.

Before you're bewildered by all of the options: The great news is that you don't have to worry about anything to do with albums and all the extras until after your big day. You can order as much or little as you like, whenever you like! Just give me a call when you've had time to look through all of your pictures and decided that it's definitely what you want to go for.

I'll then design the album to your specification and preferences, show you a proof of the design and even make as many changes as you like, all included in the price. No hidden extras!

More optional extras for before and after your wedding:

Signing mount: An engagement portrait of yourselves with a big mount around it for people to sign on the day. **Small: £100**
Large: £150.

Framed prints: Designed and made to any size you want! Starting from **£80** for a 10'x8', right up to as big as you like.

Canvas, acrylic and wall mounted picture boards: Perfect for on your wall at home. Again there's a huge range, let me know what you're after and I'll let you know the price.

Mounted prints: If you would like any professional lab created photographic prints, these can be provided in any sizes required from 3'x2' to 66'x44'.

50 Thank you cards: Featuring your own thank you image: **£100.**

Anything extra? If you've got anything specific that you want to create, let me know. I work with a wide range of suppliers so the chances are it won't be a problem.

I hope all of the information has given you plenty to think about. The main thing for now is if you like the look of my photographs, and you think there's a package to suit your budget, then get in touch and we can discuss how we can create some great memories that will last forever.

FAQ's:

Do you do the traditional groups and posed shots as well as informal?

Of course! Whatever you want from small family groups to a whole group and table shots is no problem.

Do you travel?

Yes, I can accommodate any national or international bookings. If a venue is more than 90 minutes drive from Derbyshire, a hotel may be requested chargeable at cost, as well as a small charge for mileage.

How long will it take before we can see our photographs?

Photographs are usually ready to view around 2 or 3 weeks after your wedding, as soon as your back from your honeymoon, they're ready to go.

How much is the deposit?

20% of the coverage fee is required to secure your date. This also means you get the same prices at the time the booking is made, no matter how long in advance you make your booking. The rest of the balance is to be settled 2 weeks before your wedding, ideally at our pre wedding meeting.

What if you are ill on our wedding day?

As a wedding photographer this isn't an option. However if I did suffer a life threatening injury just before your wedding, I have a number of other photographers that I work with and can call on in the unlikely event of an emergency.

Do you have PAT testing, public liability and indemnity insurance?

Yes I have all 3 of these which are essential for any professional and often a requirement for most venues.
